Kerr Junior High School

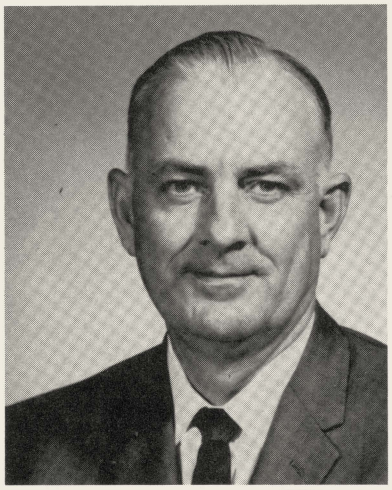
Administration

H. S. EMERSON, Principal



CLAUDE A. WHEELER, Asst. Principal

TO THE STUDENTS OF KERR JUNIOR HIGH SCHOOL:

During this school term I have been thrilled many times as I observed the work done by the students of our school, both on regular subjects and school activities.

It is such a joy to have a beautiful new building and new modern equipment with which to work. Naturally I have been grateful that so many of you have been thoughtful in caring for our facilities.

We must keep in mind that our young people are more important than buildings and equipment. Therefore, we should realize the value of good educational training, and work in such a way that we can always remember our stay at Kerr as successful and enjoyable. It is our hope as faculty members to direct your training so that you will be a more valuable citizen because of having had the opportunity of attending this school.

Sincerely,

Hugh S. Emerson
